OUR PRODUCTS

Logistics & transportation

Committed to maintain high quality of services in tune with changing needs of the clients from time to time. Offering the best in class integrated rail & road transport solutions that will help companies to manage the supply chain process.

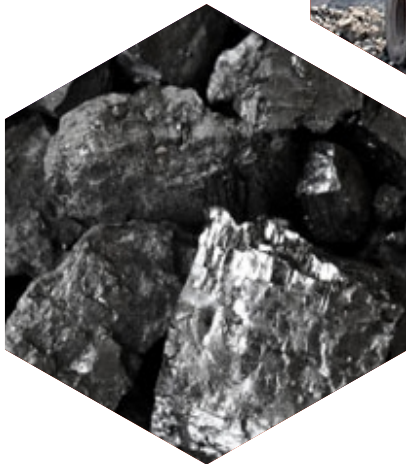

Coal Trading service

Procuring coal from various subsidiaries of Coal India Ltd., viz. Western Coalfields Ltd., (WCL) Nagpur, South Eastern Coalfields Ltd., (SECL) Bilaspur, Mahanadi Coalfields Ltd., (MCL) Sambalpur through spot e-Auction and from open market. Maintains reserve stocks of nearly 15,000 to 20,000 tons of coal in addition to the running stocks thereby enables timely delivery of required quality & quantity to valued clients.

Steam coal

Steam coal, also known as thermal coal, is suitable for electric power production. Steam coal is ground into a fine powder that burns quickly at high heats and is used in power plants to heat water in boilers that run steam turbines.

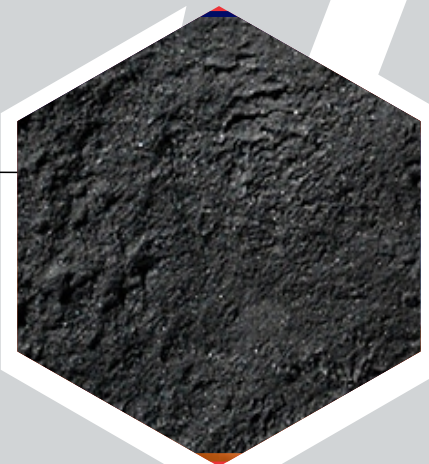

Size coal

Coal that doesn't meet your specifications can cause problems and production delays. As one of the largest anthracite coal suppliers in the country, we provide coal that meets your specifications—whether you need one of our standard sizes or a custom size to fit your needs.

Crushed coal

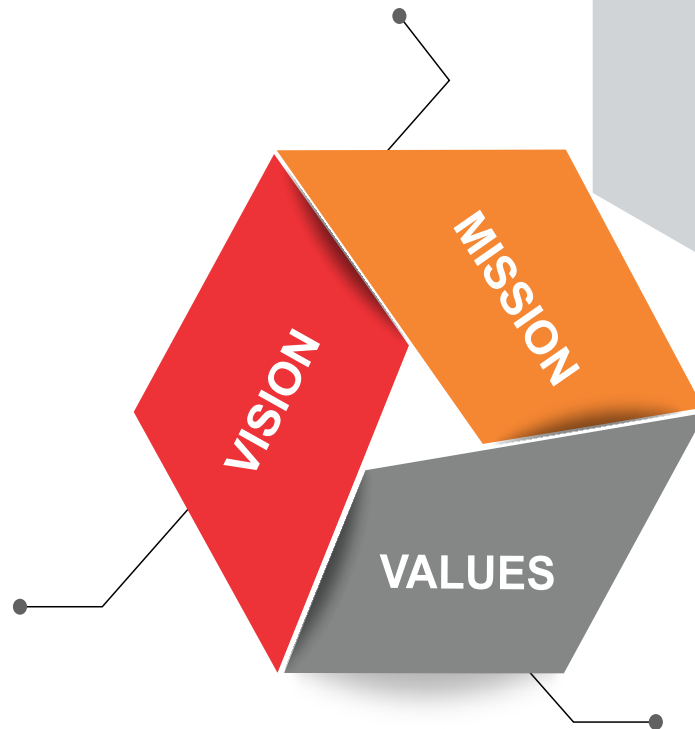

Coal dust is a fine powdered form of coal, which is created by the crushing, grinding, or pulverizing of coal. Because of the brittle nature of coal, coal dust can be created during mining, transportation, or by mechanically handling coal.

Mission

With the challenges ahead of us we constantly thrive to deliver premium quality and ethical values in the coal industry with customer satisfaction.

Vision

With continuous crisis of energy and its alternative sources we realize that dealing with this field is not easy as it is always a challenge. Our team is dedicated to meet the needs of our satisfaction in terms of time, quality and the value of money.

Values

Our values are the core to who we are and how we behave as a company.

1. Un-compromised environmental and technical safety.
2. Fair relation with customers.
3. Honest Communication.

ABOUT US

INDRAPRASTHA ENERGY & INFRASTRUCTURE is among the reputed companies in the state of Chhattisgarh, Orissa, M.P, Maharashtra having a role of offering Lifting of Coal, Logistics, Crushing /Beneficiation & Coal Supply of wide array of coal such as ROM coal, mines coal, slack coal, raw coal, washed Coal, indigenous Coal, thermal Coal, steam coal, sized coal & other various grades of coal since last decade. Handling under noted services for movement of coal:

- We Deal in Coal Linkage & FSA (Fuel Supply Agreement) co-ordination.
- We have a separate transportation division for coal transportation.
- Liaisoning with concerned Railway authorities and subsidiary of Coal India Ltd.
- We provide time to time updations on the present coal market.
- Our team provides FOC services like updations on Rake loading etc.
- You can stay connected with us for any coal transactions related to SECL colliery.

As per the client's requirement, we update about the current grades, quality & quantity of coal available with us. Desired sizes and quality of coal will be available easily with us with better prices.

- We also do liaisoning of Pvt. Sectors like Cement, Power, Sponge and Iron Industries as well.
- We also deal in foreign coal with countries like South Africa, Australia, USA, Indonesian etc.
- We work on LC (Letter of Credit) & Bank Guarantee basis. We do transportation of coal by both means Road and Rail.
- We have our office and staff available with maximum number of collieries of SECL, Bilaspur Chhattisgarh.
- We also lift the coal on behalf of any party who have the DO with them and have ordered through E-Auction. We lift the coal of the party who buys in by road e-auction and forward it to buyer's plant by rail. Thus buyer gets more quantity in short time with quality guarantee because generally it is not possible to lift large quantity coal taken in e-auction (by road) in prescribed period.
